## INDEPENDENT AUDITOR'S REPORT

Board of Commissioners  
Housing Authority of the City of Upland  
Upland, California

### **Report on the Financial Statements**

I have audited the accompanying financial statements of the business-type activities of the Housing Authority of the City of Upland (Authority), California, as of and for the year ended March 31, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

My responsibility is to express opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### ***Opinion***

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Housing Authority of the City of Upland, California, as of March 31, 2014, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis on pages i-vii be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

*Supplementary Information*

My audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the Housing Authority of the City of Upland, California’s basic financial statements. The accompanying PHA’s Statement of Certification of Actual Modernization Costs and the Financial Data Schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The accompanying PHA’s Statement of Certification of Actual Modernization Costs, the Financial Data Schedule and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the accompanying PHA’s Statement of Certification of Actual Modernization Costs, the Financial Data Schedule and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, I have also issued my report dated July 18, 2014, on my consideration of the Housing Authority of the City of Upland, California’s internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Housing Authority of the City of Upland, California’s internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**  
March 31, 2014

---

**Introduction**

This Management's Discussion and Analysis (MD&A) of the Housing Authority of the City of Upland (Authority) provides an introduction and overview to the financial statements of the Housing Authority of the City of Upland for the fiscal year ended March 31, 2014. The Housing Authority of the City of Upland presents this discussion and analysis of its financial performance during the fiscal year ended March 31, 2014, to assist the reader in focusing on significant financial issues.

The primary focus of the Authority's financial statements is on the statements of its single enterprise fund encompassing all programs administered. This information contained herein this MD&A should be considered in conjunction with the Authority's financial statements and related notes to the financial statements.

The Authority has three significant programs. They include the Low Rent Housing Program, the Capital Fund Program, and the Housing Choice Voucher Program.

The Low Rent Housing Program consists of 98 dwelling units. Funding is provided based on dwelling rents paid by the tenants and operating fund payments received from the Department of Housing & Urban Development based on a formula.

The Capital Fund Program is also a formula based program from HUD. The purpose of this program is to provide funding for the modernization and improvement of the Low Rent Public Housing Program. These resources allow the Authority to provide capital improvements for the current dwelling structures and assist the Authority in operations.

The Housing Choice Voucher Program provides rental assistance to aid low income families in affording decent, safe and sanitary rental housing. The Authority provides rental assistance in the form of a housing assistance payment to a landlord on behalf of the tenant. The Authority currently has 624 units available. Funds are provided by HUD to provide rental assistance payments. The Authority is provided an administrative fee for the purpose of covering the administrative costs of the program. The administrative fee is computed by HUD on an annual basis.

**Overview of the Financial Statements**

This overview of the financial statement is intended to inform and introduce the reader to the Authority's financial statements. The financial statements are comprised of three individual statements. These statements include:

- The Statement of Net Position
- The Statement of Revenues, Expense, and Changes in Net Position
- The Statement of Cash Flows

**The Statement of Net Position** presents information on the assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the differences between the two being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial situation of the Authority is improving or deteriorating. Net position is comprised of three individual components:

- *Net Investment in Capital Assets* consists of capital asset balances net of accumulated depreciation less any outstanding balances of related debt associated with these assets.
- *Restricted* component of net position consists of resources that are restricted by limitations placed on these resources by an external source or imposed by law through constitutional provisions.
- *Unrestricted* component of net position represents the remaining resources available that does not meet the definition of the above categories. The unrestricted component of net position is basically the amount of resources available for future year appropriations.

**Overview of the Financial Statements - (Continued)**

**The Statement of Revenues, Expenses, and Changes in Net Position** reports the operating revenues, operating expenses, non-operating revenues, and non-operating expenses of the Authority for the fiscal year ended March 31, 2014, to determine the change in net position for the fiscal year.

**The Statement of Cash Flows** reports cash activities for the fiscal year resulting from operating activities, investing activities, non-capital financing activities, and capital and related to financing activities. The net result of these activities represents the increase or decrease of the cash equivalent account balance for the year ended March 31, 2014.

**Financial Highlights**

- The Housing Authority of the City of Upland's net position decreased from \$1,803,653 to \$1,744,139, a decrease of \$59,514 or 3%. The total assets increased by \$38,044 or 2%.
- Total revenues increased from \$6,366,475 to \$6,623,680, an increase of \$257,205 or 4%.
- Total expenses decreased by \$350,081 from \$6,887,857 to \$6,537,776 for the current year. This represents a decrease of 5%.

**Housing Authority Activities & Highlights**

The Housing Authority's overall financial position for the past two years is summarized below based on the information in the current and prior financial statements. The table below provides the asset, liability, and net position (equity) comparisons for the year ended March 31, 2014, and March 31, 2013.

***Current Assets***

Current assets increased by \$172,022 from the previous fiscal year. The increase was due primarily to higher cash balances from the previous fiscal year in the amount of \$166,151. This increase is attributed to the excess of operating revenues over operating expenditures actually disbursed. Costs associated with OPEB benefits were accrued as a Non-Current Liability that increased by \$81,065.

Housing Authority Activities & Highlights - (Continued)

*Non-Current Assets*

Noncurrent assets decreased by \$133,978 due to the current depreciation charges and a prior period adjustment recorded to adjust accumulated depreciation balances exceeding capital acquisitions during the current fiscal year.

*Non-Current Liabilities*

Noncurrent liabilities increased by \$84,917 from the previous fiscal year.

*Net Position*

The overall net financial position of the Authority decreased by \$59,514 from the previous year.

The restricted component of the financial positions held for HAP payments increased by \$41,670 due to revenues associated with HAP exceeding costs for the current fiscal year.

The Authority's net investment in capital assets decreased by \$133,978 due to current depreciation charges and a prior period adjustment recorded to adjust accumulated depreciation balances exceeding capital acquisitions during the current fiscal year.

The Authority's unrestricted component of net position changed from \$373,292 to \$406,086, an increase of \$32,794, or 9% for the current year. The increase was due to the Low Rent Housing Program's excess of operating revenues over operating expenditures for the current year. The Low Rent Housing Program unrestricted component of net position balance increased by \$89,679. The Housing Choice Voucher Program unrestricted component of net position balance decreased from \$32,637 to \$(24,248), a decrease of \$(56,885). The decrease can be attributed to the historically low funding levels of administrative fees of 69% for the 2013 calendar years and higher employee benefit costs associated with the OPEB liability. The unrestricted component of net position is the amount available for future appropriations. These balances are subject to program specific guidelines. Individual program balances that comprise the unrestricted component of net position are as follows:

*Results of Operations*

Revenues of the Authority are generated principally from dwelling rents and HUD grants. The Authority's revenue increased by \$257,205 during the current fiscal year as compared to the previous year amounts. This is primarily due to increased revenue associated with the Low Rent Housing Program. Revenue increased by \$358,918 over the previous fiscal year's amount in the Low Rent Housing Program. Significant variances between the current and previous year include:

- Tenant Revenue increased by \$20,458 due primarily to an increase in the average rent charged. The previous year's average rent charged was \$350 as compared to the current fiscal year's average rent charged of \$364.
- Capital grants increased by \$160,790 from the previous year due to increased activity in the Capital Fund Program.

*Results of Operations - (Continued)*

- Other revenue increased by \$41,253 due to increased portability activity in the Housing Choice Voucher Program and the classification of the HAP portion received as other income.

Total expenses decreased by \$350,081 from the previous year. Significant differences between the years include:

- Administrative costs increased by \$77,115 from the previous year due to higher employee benefits and legal costs. Employee benefit costs increased by \$59,274 from the previous year due primarily to the current classification of other post-employment benefits (OPEB) costs as an employee benefit cost. In the previous year, these costs were reported under the general expense category. Legal costs also increased by \$19,444 from the previous year amount reported.
- Utility costs increased by \$10,530, comprising mostly of higher electricity costs. Electricity costs increased by \$6,583 from the previous year, an increase of 159%.
- Maintenance costs decreased by \$22,378 due primarily to lower maintenance material costs. Material costs decreased by \$24,168 from the previous fiscal year.
- General expense decreased by \$139,978 from the previous fiscal year due to revised classifications of certain types of costs in other line items. The previous year balance included items related to OPEB costs, legal fees, wages, program compliance and software.
- HAP payments decreased by \$273,146 due primarily to the leasing of less units than the previous fiscal year in the Housing Choice Voucher Program. Units leased decreased from 7,465 to 7,068.
- Depreciation expense increased by \$16,728 due primarily to building additions completed in the current fiscal year.

**Housing Authority Activities & Highlights - (Continued)**

*Capital Assets*

As of March 31, 2014, the Housing Authority of the City of Upland's net investment in capital assets was \$1,240,680. This investment includes land, building, equipment, and construction in progress.

<b>Category</b>	<b>FYE 2014</b>	<b>FYE 2013</b>	<b>Change \$</b>	<b>Change %</b>
Land	\$ 33,524	\$ 33,524	\$ -	0%

<b>Total Net Capital Assets</b>	<b>\$ 1,240,680</b>	<b>\$ 1,374,658</b>	<b>\$ (133,978)</b>	<b>-10%</b>

- Buildings increased due to the completion of a roofing project funded by the Capital Fund Program.
- Accumulated depreciation decreased by \$294,663 due to current depreciation charges incurred in the current year and a prior period adjustment in the amount of \$145,418 made to correct the previous fiscal year's balance.

*Non-Current Liability*

The non-current liability balance increase from \$351,274 to \$436,191, an increase of \$84,917. Balances classified as noncurrent include a portion of the employee's leave and the amount associated with Other Post-Employment Benefits (OPEB) liability. The majority of the increase was due to the higher OPEB liability which increased by \$81,065 from the previous fiscal year balance of \$313,353, an increase of 26%.

**Subsequent Event**

As of the time of this analysis, HUD has not finalized the funding levels for the 2014 calendar year. It has been projected that operating subsidy for the Low Rent Housing Program will be 89%. Administrative fees have been projected to be funded at 75% for the 2014 calendar year for the Housing Choice Voucher Program.

The Housing Authority is a defendant in an action arising from the denial of the Vouchers to two individuals who applied for these benefits under the Housing Choice Voucher Program. The claim was resolved and the Housing Authority entered into a stipulation for the entry of an attorneys' fee award in the sum of \$350,000. The award may not be collectible since the Housing Authority's assets are limited to HUD funds, which are exempt from execution. In addition, the Housing Authority is seeking to collect the amount of the award from a liability policy issued by the Housing Authority Risk Reduction Pool (HARRP).

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**1B. Basis of Presentation - (Continued)**

The Authority operates the following programs in the enterprise fund:

**Low Rent** – The objective of the program is to provide decent, safe and sanitary housing and related facilities for eligible low-income individuals.

**Capital Fund Program** – The purpose of this program is to provide funds annually to housing authorities for the modernization of the housing development and for management improvements.

**Housing Choice Vouchers** – The objective of the program is to help low-income families obtain decent, safe, and sanitary housing through a system of rental assistance. HUD reimburses the Authority for the rental supplements paid to private landlords and the administrative costs of managing the program.

**State & Local (General Fund)** – The General Fund is used to pay for all expenses incurred by Low Rent and Section 8 programs. In return, these programs reimburses the General Fund on a pro-rated basis.

**1C. Measurement Focus and Basis of Accounting**

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus - The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or non-current) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting - In the financial statements, the proprietary fund utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

**1D. Budgets**

Budgets are prepared for regulatory purposes in accordance with the Authority’s contract with HUD on an annual basis for all operating programs and on a project length basis for capital projects funds which are approved by the Board of Commissioners and submitted to HUD for their approval, if required.

**1E. Estimates and assumptions**

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**1F. Assets, Liabilities, and Equity**

Cash and Investments

For the purpose of the Statement of Net Position, “cash and cash equivalents” includes all demand, savings accounts, and certificates of deposits or short-term investments with an original maturity of three months or less. For the purpose of the Statement of Cash Flows, “cash and cash equivalents” include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less.

Investments are carried at fair value except for short-term U.S. Treasury obligations, if any, with a remaining maturity at the time of purchase of one year or less. Those investments, if any, are reported at amortized cost. Fair value is based on quoted market price. Additional cash and investment disclosures are presented in Notes 2B and 3A.

Inter-fund Receivables and Payables

During the course of operations, numerous transactions occur within individual funds that may result in amounts owed between funds. Inter-fund receivables and payables between funds are eliminated for financial statement presentation.

Receivables

Receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances consist of HUD and tenant accounts receivable.

Fixed Assets

Fixed assets in the proprietary fund types are stated at historical cost, or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation. It is the policy of the Authority to capitalize all assets with a cost of \$5,000 or greater. The cost of maintenance and repairs are charged to operations as incurred. Costs of major additions, improvements, and betterments are capitalized.

Depreciation of all exhaustible fixed assets is charged as an expense against operations and is recorded in the Statement of Revenues, Expenses and Changes in Net Position with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Building	15-40 years
Site improvements	10 years
Furniture, equipment and machinery - dwelling	5 years
Furniture, equipment and machinery - administrative	5-7 years
Infrastructure	15 years

Restricted Assets

Restricted assets include cash of the proprietary fund that are legally restricted as to their use. The primary restricted assets are related to the security deposit fund and HAP fund under the Low Rent and Section 8 program.

**1F. Assets, Liabilities, and Equity - (Continued)**

Compensated Absences

The Authority's policies regarding vacation time permit employees to accumulate earned but unused vacation leave. The liability for these compensated absences is recorded as long-term and short-term liabilities based on historical trends. Amounts not expected to be paid within the next fiscal year are classified as long-term liabilities.

Equity Classifications

Equity is classified as net position and displayed in three components:

- 1) Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.
- 2) Restricted net position - Consists of net position with constraints placed on the use either by (i) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; (ii) law through constitutional provisions or enabling legislation.
- 3) Unrestricted net position - All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

Use of Restricted/Unrestricted Net Position

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the Authority's policy is to apply restricted assets first.

**1G. Revenues, Expenditures, and Expenses**

Operating Revenues and Expenses

Operating revenues and expenses are those that result from providing services and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, non-capital financing, or investing activities.

Inter-fund Transfers

Permanent reallocation of resources between programs of the reporting entity is classified as inter-fund transfers. For the purposes of the Statement of Revenue, Expenses and Changes in Net Position, all inter-fund transfers between individual programs, if any, have been eliminated.

**NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

The Authority are subject to various federal, state, and local laws and contractual regulations. An analysis of the Authority's compliance with significant laws and regulations and demonstration of its stewardship over Authority resources follows.

**2A. Program Accounting Requirements**

The Authority's complies with all state and local laws and regulations requiring the use of separate programs. The programs used by the Authority are as follows:

<b><u>Program</u></b>	<b><u>Required By</u></b>
Public and Indian Housing	U.S. Department of Housing and Urban Development
Capital Fund Program	U.S. Department of Housing and Urban Development
Housing Choice Vouchers	U.S. Department of Housing and Urban Development
State & Local (General Fund)	Housing Authority

**2B. Deposits and Investments Laws and Regulations**

It is the Authority's policy for deposits to be secured by collateral valued at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation (FDIC) insurance. The Authority must maintain a written collateral agreement from all financial institutions pledging collateral to the Authority. As reflected in Note 3A, all deposits were fully insured or collateralized.

Investing is performed in accordance with HUD regulations and State Statutes. Funds may be invested in the following type of investments:

- Direct obligations of the U.S. Government pledged by its full faith and credit.
- Demand, savings, money-market and certificates of deposit at commercial banks, mutual savings banks, savings and loan associations and credit unions provided that the entire deposit be insured by the FDIC and any deposits in excess of insured amounts are adequately collateralized.

**2C. Revenue Restrictions**

The Authority has various restrictions placed over certain revenue sources. The primary restricted revenue sources include:

<b><u>Revenue Source</u></b>	<b><u>Legal Restrictions of Use</u></b>
Capital Fund Program	Modernization
Housing Choice Vouchers	Housing assistance payments

For the year ended March 31, 2014, the Authority complied, in all material respects, with these revenue restrictions.

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues, and expenditures/expenses.

**3A. Cash**

As of March 31, 2014, the Authority had the following cash deposits:

Cash deposits	\$ 1,083,063
Petty cash	<u>400</u>
Total	<u>\$ 1,083,463</u>

Following is a reconciliation of the Authority's deposit balances as of March 31, 2014:

Cash and cash equivalents	\$ 949,911
Restricted assets	<u>133,552</u>
Total	<u>\$ 1,083,463</u>

**Deposits**

Custodial Credit Risk - Deposits

The custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, the Authority will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the Authority's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires California banks and savings and loan association to secure the Authority's deposits not covered by federal deposit insurance by pledging mortgages or government securities as collateral. The market value of mortgages must equal at least 150% of the face value of deposits. The market value of government securities must equal at least 110% of the face value of deposits. At March 31, 2014, the Authority's bank balances of \$1,093,573 were entirely covered by FDIC insurance or by pledged collateral held by the Authority's agent bank.

**3B. Restricted Assets**

Restricted assets at March 31, 2014 consist of the following:

<u>Type of Restricted Assets</u>	Cash		Accrued Interest	Total

Plan Description:

Eligible retirees receive health care coverage through a plan offered by the Housing Authority of the City of Upland through the California Public Employees Retirement System (CALPERS).

Retirement cost sharing provisions for the retiree health plan is as follow:

- The Authority currently pays the entire employee premium for both active and retired employees. A surviving spouse may continue coverage and receive the 50% premium subsidy for the remainder of his or her lifetime as well, provided they apply for benefits within 60 days of the annuitant's death.
- The Authority is obligated to contribute toward the cost of retiree medical coverage for the retiree's lifetime or until coverage is discontinued.

As of March 31, 2014, the Authority had 10 retirees receiving benefits and 9 employees.

Annual OPEB Cost and Net OPEB Obligation:

For fiscal year 2014 the Authority's annual OPEB cost was \$137,332. The Authority's OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the fiscal year ended March 31, 2014, were as follows:

Annual required contribution	\$	137,806

Funded Status and Funding Progress:

The funded status of the plan based on an actuarial valuation as of March 31, 2014, was as follows:

Actuarial accrued liability (AAL)	\$ 1,926,766
Actuarial value of plan assets	---
	<u>1,926,766</u>
Unfunded actuarial accrued liability (UAAL)	\$ <u>1,926,766</u>
Funded ratio (actuarial value of plan assets / AAL)	%
Annual covered payroll	\$ 499,121
UAAL as percentage of covered payroll	386%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events in the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

For the actuarial valuation, the entry age normal cost, level percent of pay; closed group method was used. The actuarial assumptions include a 4.5% discount rate. A long-term inflation assumption of 3.25% was used in developing level percent amortization. The healthcare trend rate assumption is 8% for 2014 grading down 1.5% by 2017. The actuarial value of assets is equal to the market value. The unfunded actuarial accrued liability is being amortized over a period of 30 years as a level percentage of projected payroll. The amortization period at March 31, 2014 is 26 years reflecting the Authority's use of closed amortization period.

**4B. Defined Benefit Pension Plan**

A. Plan Description

All permanent employees are eligible to participate in the California Public Employees Retirement System (CALPERS), an agent multi-employer public employee retirement systems that acts as a common investment and administrative agent for participating public entities within the State of California. The fund provides retirement, disability, and death benefits based on the employees' years of service, age and final compensation. Employees vest after five years of service and may receive retirement benefits at age fifty. These benefit provisions and all other requirements are established by State statute and County ordinance. Copies of the annual financial report may be obtained from CALPERS' executive office: 400 P. Street, Sacramento, CA 95814.

**NOTE 4 – OTHER NOTES - (Continued)**

**4A. Defined Benefit Pension Plan - (Continued)**

B. Funding Policy

The employees' have an obligation to contribute 7% of their annual covered salary to the fund. The Authority is required to contribute the remaining amounts necessary to fund the benefits for its members, using the actuarial basis recommended by the CALPERS actuaries and actuarial consultant and adopted by the Board of Administration. The required employer contribution rate for the fiscal year ended March 31, 2014 was 12.851% of the employee's annual covered payroll. The contribution requirements of the plan members are established by State Statute and the employer rate is established and may be amended by CALPERS.

C. Annual Pension Cost

For the fiscal year ended March 31, 2014, the Authority's annual pension cost of \$60,301 for CALPERS was equal to the Authority's required and actual contributions. The Authority made payments to CALPERS totaling \$92,697. This \$92,697 consisted of \$60,301 employer required contributions and \$32,396 employee required contributions.

The Authority's annual pension cost for the fund was equal to the Authority's required and actual contributions which were determined as part of the June 30, 2011 actuarial valuation using the entry age normal actuarial cost method. Significant actuarial assumptions used to compute the PERS pension benefit obligation include an actuarial interest rate of 7.5% per annum and projected salary increases that vary by length of service. The total increase in any future year includes an assumed 2.75% inflation rate and no across the board or merit increases. The actuarial value of the Authority's assets was determined using a technique that smooths the effect of short-term volatility in the market value of investments over a two to five year period depending on the size of investment gains or losses. The plan's Unfunded Actuarial Accrued Liability (UAAL), or excess assets, is being amortized as a level percentage of projected payroll on a closed basis.

**4B. Joint Powers Agreement**

1. Workers' Compensation Insurance

The Authority participates in a joint venture under a Joint Powers Agreement (JPA) with the California Housing Workers' Compensation Authority (CHWCA). CHWCA was formed to provide workers' compensation insurance coverage for member Housing Authorities. At December 31, 2012, there were thirty-three members. The relationship between the Authority and CHWCA is such that CHWCA is not a component unit of the Authority for financial reporting purposes.

CHWCA had \$16,071,499 of unpaid claims and claim adjustment expenses outstanding as of December 31, 2012. The Authority's share of year ended assets, liabilities, or net assets have not been calculated.

**2. Property and Liability Insurance**

The Authority participates in a joint venture under a joint powers agreement (JPA) with the Housing Authorities Risk Retention Pool (HARRP). HARRP was formed to provide property and liability insurance coverage for member housing authorities. At December 31, 2012, there were 86 members. The relationship between the Authority and HARRP is such that HARRP is not a component unit of the Authority for financial reporting purposes.

**4C. Risk Management**

The Authority is exposed to various risks of losses related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee's health and life; and natural disasters. Claims liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. The Authority manages these various risks of loss as follows:

<u>Type of Loss</u>	<u>Method Managed</u>
a. Torts, errors and omissions	Purchased insurance with Housing Authorities Risk Retention Pool (HARRP).
b. Injuries to employees (workers' compensation)	Purchased insurance with California Housing Workers Compensation Authority. Claims are administered by the same company.
c. Physical property loss and natural disasters	Purchased commercial insurance with \$1,000 deductibles.
d. Health and life	Purchased health insurance with California Public Employees Retirement Systems (CALPERS). Life insurance is provided by Mass Mutual Financial Group.

Management believes such coverage is sufficient to preclude any significant uninsured losses to the Authority. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

**4D. Financial Data Schedule**

The Authority prepares its Financial Data Schedule (FDS) in accordance with HUD requirements in a prescribed format which differs from the presentation of the basic financial statements. The FDS format excludes depreciation expense and Housing Assistance Payment (HAP) in operating activities, which differs from the presentation of basic financial statements.

**4E. Commitments - Construction**

At March 31, 2014, the Authority had pending Capital Fund projects in progress. The commitments related to these projects are summarized as follows:

**4F. Contingencies**

1. Grants

The Authority is subject to possible examinations made by Federal and State authorities who determine compliance with terms, conditions, laws and regulations governing other grants given to the Authority in the current and prior years. No significant violations of finance-related legal or contractual provisions occurred.

2. Litigation

The Authority is a defendant in an action arising from the denial of the Section 8 Vouchers to two individuals who applied for such benefits. The underlying claim was resolved and the Authority entered into a stipulation for the entry of an attorneys' fee award in the sum of \$350,000. The award may not be collectible since the Authority's assets are limited to HUD funds, which are exempt from execution. In addition, the Authority is seeking to collect the amount of the award from a liability policy issued by the Housing Authority Risk Reduction Pool (HARRP).

As such, the Authority's loss, as a result of this matter of litigation, is not determinable. No subsequent adjustment has been made to the financial statements for this matter of litigation.

**4G. Subsequent Events**

Events that occur after the balance sheet date but before the financial statements were issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the balance sheet date are recognized in the accompanying financial statements. Subsequent events, which provide evidence about conditions that existed after the balance sheet date, require disclosure in the accompanying notes. Management evaluated the activity of the Authority through July 18, 2014 and concluded that no subsequent events other than the one discussed in Note 4F have occurred that would require adjustment to or disclosures within these financial statements.

**4G. Economic Dependency**

The Authority is primarily dependent upon HUD for the funding of operations; therefore, the Authority is affected more by the federal budget than by local economic conditions. The funding of programs could be significantly affected by the 2015 federal budget.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Commissioners  
Housing Authority of the City of Upland  
Upland, California

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Housing Authority of the City of Upland (Authority), California, as of and for the year ended March 31, 2014, and the related notes to the financial statements, which collectively comprise the Authority’s basic financial statements, and have issued my report thereon dated July 18, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, I considered the Authority’s internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control. Accordingly, I do not express an opinion on the effectiveness of the Authority’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority’s financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Board of Commissioners  
Housing Authority of the City of Upland  
Upland, California

**Report on Compliance for Each Major Federal Program**

I have audited the City of Housing Authority of the City of Upland (Authority), California's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended March 31, 2014. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

My responsibility is to express an opinion on compliance for each of the Authority's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of the Authority's compliance.

***Opinion on Each Major Federal Program***

In my opinion, the Housing Authority of the City of Upland, California, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2014.

**Report on Internal Control Over Compliance**

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Authority's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
